

Toileting Policy

Prior to each session, every child will go to the toilet. Whilst working at the area, if a child needs the toilet they can be escorted back into school, where possible.

- A portable toilet may be set up before each session in screened off area to the side. Toilet paper, soap, water, towels and sanitising hand spray will be available too.
- Waste will be disposed of by the Forest School Leader. The toilet will also be sanitised.
